Revenue/Resource Development Committee – Roy Spooner

Janis Hamilton retained as the senior campaign planner who will mentor a local, junior campaign coordinator, who will be retained shortly. We have also contracted a philanthropic researcher to identify corporate and individual donors, and are in the process of buying donor research and tracking software. We will soon move to developing the 'case'. The Campaign will consist of two components – the capital fund and the 'legacy' fund.

The Board conducted a visioning session to identify projects.

Tourism Management and Marketing Committee – April Moi/Scott Kovatch

There has been a lot of change and there are some solid programs that should assist us -- Community Tourism Foundations and Community Tourism Opportunities. These programs should strengthen tourism in local communities. Marketing specialist job is posted closing May 6th. We need to revisit the 'Tourism Summit' when the marketing person is on board.

OLD BUSINESS/BUSINESS ARISING

- Telus will not be involved unless there is a sound business case

- Would welcome visits from Barkerville for a study tour
- New Consul General is Liang Shugian and large turn over in Consulate

Government Relations

Amendments to the Site Management Agreement

The SMA has been amended to show a \$1/year contribution for the next 3 years, in consideration of an up-front payment equivalent to \$1.3M a year for 3 years. It also includes a requirement to complete Heritage Alteration Permits. We will defer discussions with government about the next 5 years of our Agreement until a more favourable time.

Developing a strategy to dovetail with the R/D Committee's work

There needs to be a strong link between all our relations with government; asking for money needs to be done in context of the campaign.

Government will be seeing this in the context of the Sustainability Study and the other Devolved Sites. Barkerville can take a leadership role which will inform the ability of the other sites to be successful. The Experiences BC Heritage Tourism coalition is an opportunity for working together. Our fundraising program is a model that possibly could be expanded (e.g. United Way) to include other heritage; while we need to focus on our own goals we can be aware of how to integrate the needs of others as we go along

Moved Sue Morhun/Pat Pickering that the Fundraising Committee explore and provide feedback to Board on how the campaign can be cognizant of the needs of the other devolved sites. Carried.

Outstanding Action Items (FYI)

First Nations Consultation

Dave Read is close to completing his work – Red Bluff, Nazko, Kluskus and the Lheidli T'annah have expressed interest and wish to be kept informed on our progress with the Barkerville Connector. The main concerns that have been raised are environmental, especially fish and game.

Expression of Interest for Audit

To date we don't have any responses to this Call for Proposals.

Housing

Moved Roy/Pat that the policy of the Board be that the CEO, in consultation with the Executive Committee, be empowered to seek, rationalize with a business case and implement solutions to the staff housing situation. Carried.

NEW BUSINESS

Replacement or Extension of Directors At Large

Action: Board will allow Lily's term to expire in June, although she will remain active as an 'ambassador'. Lily has submitted the resume of a possible candidate for replacement. Lily will request this candidate to write a letter to confirm her continuing interest in serving on the Board.

Action: Board will reluctantly accept Tom Turner's resignation effective at June AGM. Replacement would serve the remainder of Tom's term to 2011 and potentially for another 3 year term.
